My dear Dr. Cushing,
I have just read your
Life of Sir William Osler and I
feel that I must thank you
for letting me become acquainted
with that beautiful character.

Your picture of him is so clear
that when the end came, I
rept at the loss of a very
dear friend. It is a benefit to
mankind that you have allowed
him to live within your pages,
to continue for always to be an
inspiration to his colleagues.
Very sincerely yours - Helen L. Brockway
