Boston, Mass.

Dear Dr. Cushing:

I enclose herewith a beautiful photograph
of your charming self and a few other rough-neck friends that
you associated with during the war.

With kind regards, I am

Very sincerely yours,
Hugh H. Young.

P.S. Your life of Osler is perfectly delightful work
and your style is very charming. It is really one of the finest
things ever turned out by a medical man in this country and I am
very proud to have been so intimate with you in the remote past.

Really, Harvey, you have done a wonderful deed
and I do not know how you did it.
