DR. ALBERT H. FREIBERG
CINCINNATI, O

September 11, 1925-

My dear Doctor Bushing -

I have just read your
biography of Sir William Osler. Although our
acquaintance is slight, I cannot forbear telling
you in this manner of the great pleasure which
I derived from reading it and of saying that it is
a most remarkable literary production. I beg
you to accept my congratulations on what you
have done. How fortunate you are to have
brought the laurel to your own brow without
having to blush! - Sincerely yours
Albert H. Freiberg
