Dr. Harvey Cushing  
Boston, Mass.

Dear Cushing:

On my return trip from abroad, I finished your "Life of Sir William Osler," and I want to tell you that I enjoyed every page of it. But you have received so many commendatory letters that you must be quite used to them by this time. I hope you can stand one more from one who enjoyed the book from cover to cover.

With very kind regards,

Sincerely yours,

*Charles A. Elsbury*
