Dear Mr. Archibald
We are just enjoying a visit from the Spaulding
I have almost finished your book, which
you have made so readable with your illustrations
making it pleasant - but that's the first
then here and then till it is almost finished.

That's not the way you intended but it is
read it the night very near the time
to satisfy my mind of the future of
things; which never was very well
developed anyway.

Sincerely, G. W. B. Spaulding
from Mr. T. W.

Yours
