Dear Henry:

Your letter about the H. & N. for December has given me a great deal of satisfaction, and of course I am greatly pleased by your words concerning the Paine article. If I am ever so fortunate as to make a visit to New Haven I shall ask you for a card to the Graduates' Club, for I should like nothing better than to extend my acquaintance with Yaleians.

I am glad to know that the "Osler" continues to receive reviews from distinguished readers; it deserves

to have them.

You are very kind to want to try
a year's subscription to the H. G. M.

With all good wishes for the New

Year, I am

Sincerely yours,

Arthur S. Pier.
