Dearest Kate

I can hardly wait to see you all but must go to Toronto first. I will dine with you Monday the 8th - just ourselves please - & golly we will jabber.

You are an angel to make me the lovely mats and centre pieces and I am enchanted to have the set complete. Such a time since we arrived. Reporters and relatives have nearly destroyed us. Dr. Osler has gone to Montreal tonight. I am going to Toronto Sunday - Thank Harvey for his nice note & squeeze the boys. I hope this lovely weather lasts. Revere is flourishing & crazy too to get to Baltimore and his Doris.

Love to you all including T. B. F.
