(To Dr. H.V.Ogden from Lady Osler)
Pointe à Pic, Quebec
July 9th, 1904.

Dear Dr. Ogden

We have just heard through Muriel the happy news of your engagement. Dr. Osler insists that he gave me a hint some time ago but he never did and I am perfectly delighted and surprised. Muriel writes that you seem most enthusiastic and I do hope that you are as happy and contented as you deserve to be. Accept my most hearty congratulations and many many good wishes. I trust that the future will bring you every kind of joy and happiness. It will be a pleasure to know your wife and you must break her in to your habit of coming to us in Baltimore. I have an idea that I did not write your mother when I should have written. Do give her my love and ask her to forgive me. We have a house at Murray Bay for the summer and are very comfortably settled. Dr. Osler goes to England next Saturday for two weeks and will be back here on August 14th. I hope Dr. Cushing goes with him and Dr. McCrae - The latter stays two weeks longer.

Miss Woolley is here and asks to be remembered. You never saw such a happy being as Muriel, altho you know the feeling I suppose -
Dr. Osler is writing.

Very cordially
Grace R Osler
