My dear Dr. Cushing

It may be that W.O.
knows Dr. Walker's practice in
Dundas, or that he was for
a time at the Hamilton Hospital
I am writing to find out, and
will let you know, Dr. Walker

Was a personal friend of married
Aunt's Mother of whom he speaks in
one of the letters you sent. Yours

I remember that for one summer
he was for some time at home
or near by is Hamilton where his
great friends Mallock and Mullin
lived so I think we may find
he was at the Hamilton Genl Hospital
I will have all your inquiries on my mind
C. G.
