Dear Dr Cushing

Dr Lomer writes me
recently from The McMill
Library that he had come
across two items recently
about Sir William Osler,
showing that he had taken
an active part in the
formation of the Graduates
Society of McMill University
was its Secretary in 1876
and Vice-President in 1880.
I asked him to leave two
copies made one to send to
you and one for our use in the Bulletin
I accordingly enclose
a photostall copy of the two

documents received from
him today.

If they are of any value
to you I would be very much
obliged if you would acknow-
ledge to Dr. Somner ~~and~~ ~~say~~

Yours very sincerely

Maudsl. Abbott

The other volume is
progressing slowly. Dr
Garrison is back & has
charge of the completion
of the Classified Bibliography
with Dr. Cattell. We are
looking forward greatly
to seeing the Biography
before long. I hope it will be
out first.
