PETER BENT BRIGHAM HOSPITAL

BOSTON, MASSACHUSETTS

At the Meeting of the Acad. in  
Montreal Aug 23-30 1882 <sup>Printed</sup> I. W. Dawson was its  
President  
We (as the Sec<sup>y</sup> of Biology) gave a  
"Demonstration of a Series of Proteins prepared  
by Sienemann's method."

The Assoc<sup>n</sup> made an expedition to  
Lake Memphremagog in the place  
we mentioned in the lecture and address  
during the Montreal days - cf. one of his  
papers.

He visited the Acad. much later in  
N.Y. in order to secure support for  
the establishment of a Phys. Sec<sup>n</sup>.

In August 1882 Rodman  
succeeded Molson as Sec<sup>y</sup>  
of the Can. med. Assoc.
