Dear Ogden:

Very glad to get your letter of the 20th. You should have bottled some of the live stock for me - the N. W. T. species may be undetermined - I dare say you think them determined enough. We were all sorry that you could not turn up at the Festival which was a grand success - and prospects are good of the 100,000. I enclose two letters to Milwaukee men - both Drs. & McGill men. I thought I knew a layman there of some influence, but he has, I found, moved. Dr. Dorland has been very successful - Dr. Stark is a rough diamond - & I believe not so successful - but between the two you may hear both sides.

Is there a chance of your going to Toronto? I scarcely know what to say about it, but if you decide I could of course give you many good introductions there - you already know the College folk.

Mrs. F. is well. They go to Toronto in the Spring. Buller retains his integrity. Cautlie is the same as ever. I heard from Rogers ~~not very cheerful. I think he married too early - Denner is awfully healthy.~~ x x x

Sincerely yours,

Wm. Osler.

Write soon.
