

Actinomyces

~~Micrococcus~~ t

See where occurs first in text, CUS417/79.2

Cf. Edinburgh Med. News Nov. 24 1843 p. 569 W.O. (?)

refers to investigation of W.S. Bellfield Chgo. as first recognition
of actinomyces in America

Discovered by Ballou in Munich 1877

Could this have been earlier? Was not his demonstration before
Med. Chi. before this?

W.O. also sends Canada note to News Dec. 15 1843 re Actinomyces
in Canadian cattle -

Also on Edinburgh Med. News Nov. 7 1845

About 1877 Ballou's
first described in the UK

Cf. 1843
and before
