Dear Bowditch

I enclose you resolution of Phila. meeting today ~~and~~ *(anent?)*
Congress. Have written Chadwick & Warren asking them to call meeting of
Boston men to express their views of the situation and if feasible to
send a Committee to join ours at Flints & urge upon him the advisability
of the old Committee resuming its functions and going ahead in spite of
all opposition, or failing this - at any rate to refuse to lend his name
to the organization as at present constituted.

We all feel very sore about the removal of your dear uncle from the
vice-presidency an insult which all respectable members of the profession
must resent and which in itself is sufficient ground for severing connec-
tion with the men who have got control at present. Regards to Mrs.
Bowditch. Love to the chicks.

Sincerely yours

W Osler
