Dear O.

Hope you are safe at work again & all the better for your holiday. Sorry we could not do more for you here, but perhaps you picked up enough to stay your appetite for a while. Do you not want another practitioner in Milwaukee? Vineberg has some thoughts of going there. He was gold medalled in '78 and a good Hebrew - well up - just home from Germany. Thinks of trying Milwaukee. What do you think of it? He speaks German & would pass as a G. J. How are the Hebrews there? - strong? Drop me a line & let me have some idea of your thoughts on the subject. All well at Toronto.

Sincerely yours,
Wm. Osler.
