Dr. Harvey Cushing,
Boston, Mass.

My dear Dr. Cushing:-

I enclose herewith the only letter from Dr. Osler which I saved. It is a rather characteristic one, so I thought you might like to see it, as your request in the J.A.M.A. says that even the short ones are wanted.

The occasion was the sending to him of a copy of Dr. Ramsey's Life of Washington, a very rare book and one hard to obtain these days. I got hold of it through Mr. Seabrook, a book lover of Charleston, S.C., who he mentions in the letter.

Trusting that this small contribution will help you, I am, with high regard

Very sincerely yours

Mazyck P. Ravenel
