Dear Chadwick

You are a Saint! That dictionary will be of such help- I have long wanted just such a volume. Le Peter is most flatulent & will please some of the boys. Thank you so much for them both. 27th or 28th would suit me for a talk- Thomas Linacre, the first of the great Medical Humanists. If this is too long, just Thomas Linacre. Yours sincerely Wm. Osler.

I will bring the volumes as a text.
