

Dr. William Osler
No. 1 Franklin Street, West

(J. H. Medical School -Howell)

CUSH/100.96

Baltimore, June 2nd, 1904.

Dear Howell:

Ogden seems a pretty good fellow. Do you not think he should pay the full fee of two hundred dollars if he comes for the session as a graduate student in medicine? I think we should limit the number this year, as we shall have a great many students in the wards, and take not more than four graduates, and charge each one the full fee, or, if they only stay three months, one hundred dollars.

Sincerely yours,
Wm. Osler
