Dear Mr. Phipps

Many thanks for your kind remembrance, which I appreciate very much. I have asked Blakiston & Co Phila. to send you a volume of addresses which I have just published. They are a bit medicated as Oliver Wendell Holmes would say, but you have mingled enough with Doctors to understand them. I am just off to Boston for Xmas.

~~We hope to open the Tuberculosis dispensary in January. Could you come down?~~
What date would be most convenient for you?
With kind remembrances to Mrs. Phipps & your family

Sincerely yours

Wm Osler
