

Re: Catalogue Fund.

C05417/101.91

Oct. 28, 1904. W. Osler,

Dear Dr. <sup>(Maude)</sup> Abbott:-

The photographs are first class, and they should reproduce finely, particularly the one with the aneurism in the lung, and the big one of the sinus of Valsalva. Try to get me an estimate what you think the museum catalogue would cost. In asking for the money, it will be quite necessary to have some idea of the probable cost.

(Signed) Wm. Osler.
