the
Hunterian
Society.

I am afraid I must ask you to let me off. I have got a hard task ahead of me. This putting of new wine into old bottles is no easy matter, and I shall need every moment of my time. I feel badly about it because it would have been such a pleasure, and I should like to put on paper what I feel about John Hunter, but you will let me off like a kind man.

Victor Scholderer, Esq.

We shall be able to put you up here with pleasure and you will find this a very satisfactory hostelry!...
