Your nice long letters are a great comfort - I wish you were here to feel my pleural friction - an old time to & fro rub. Call up Fred S. & give him my love & say I have the worst paroxysmal cough on record - down now to one bout a day - or rather a night. I feel fit & have a good appetite. 'Spect Time will see me thro, but meanwhile 'tis very worrying an[d] anxious for Sister. No fever - p. 65.

Complete change of pelvic crockery - the crown Derby replaced by Worcester on account of my affection for Mr Perrins, the President of the Co. These little acts of Kindness cost nothing and are appreciated in this hard world. Love to you all.
