

Dear Chatard,

CUS417/39.45

I have had at last estimates for the restoration of the tomb of Avicenna, which will cost about £500. I am getting together a committee and when ready you will receive some circulars. You would bring it before the Avicenna Club, and it would be nice if the Club would act as the official representative in the United States and receive any subscriptions. I will get the Journals to publish the appeal.

Let me hear how everything goes at home.

With love to Mrs. Chatard.

May 3rd 1914.

Dr. Chatard,
Baltimore.
