

Dear Mr. Turner,

As I have just heard from Persia that the Shah and the Regent and the Minister for Public Instruction have approved of our scheme for the repair of the tomb of Avicenna, it, perhaps, would be a suitable occasion to bring the subject before the Persia Society. I could show the photographs of the tomb and speak of our scheme. Perhaps, under these circumstances if all went on the programme under the title "Suggestion to repair the tomb of Avicenna". Evidently, Margoliouth has a fairly elaborate paper.

W.D.

July 2 1914.

Mr. Turner.
