Dr. J. H. Musser.

Toronto, Aug. 21st, 1868

(postcard - handwritten)

Dear Musser I have just had Dock's letter on my return from Dundas.
Deuced sorry to lose him but it will do him good and he can develop there -
with careful management of his resources. Hope my words are not worrying you
too much. There is a 4th year cheque for you at Barkers. I may have to give
you an order as it may not be available until I begin the book. Look out ^(for) any
specimens for D. in your p.m.'s of the next mo.

Yours

W.O.
