Dear Musser

I must go out in the morning to see Mrs Fussell & so cannot meet you. Could you conveniently lecture for me on Saturday I have just had a message from Baltimore asking me to ~~see a case~~ there tomorrow p.m. late, I suppose I could get back by the midnight train but I would like to spend Saturday a.m. at the Hospital to see what progress has been made. No matter if you are feeling out of sorts. Let me know if you can at the Spital - by telephone, before 2.

Sincerely yours,

W Osler.

~~I am afraid Fussell's wife has renal abscess.~~
