To John H. Musser from W.O.

(handwritten)

Dear Musser,

I have just had a note from J. W. White saying that he & Mrs. W. proposed coming down on Sunday next. Now as I wish to have you quietly here with grandpa Welch, & no intrusions I believe we should spend a more profitable day if you postponed your visit until the 30th. I had asked W. to dine with you here next Saturday eve. at 7. If you have any other engagement wh. would make the 30th less convenient come this Saturday as I could hand White over to Halsted & we could at least have Saturday eve. undisturbed.

Love to the chicks.

Yours,

Wm Osler
