Dear Lafleur

How early can you go abroad? The Pediatrics meet May 30, 31 & June 1st, which leaves it very late for me to late so that if I could get off the middle of March I would go direct to Genoa by the North German boat. My father is going down hill and I would not be able to be away more than 8 - 10 weeks. You will not have exams? if so you could leave when the lectures close. It would be better too as you could catch the Spring trade. Write me at once I have sent for the sailings &c of the N.G. Lloyds. The passage is about \$100 and as this takes me to Genoa it is cheap. Very busy. Index in press.

Yours ever
W.O.
