W.O., to J. George Adami.  
May 22nd, 1893.

1 West Franklin Street.

Dear Dr. Adami: If you leave Montreal by the Sunday evening train you could reach here early Monday afternoon. Come direct to the house, stay the night and we can go over to Washington in the morning together. Then on our return we could arrange to see Welch and the Laboratory.

Sincerely yours,  
Wm. Osler.

P.S. Telegraph me from New York by what train you will arrive.
