Dear Ogden: -

I am due in Chicago on Wednesday, Feb. 7th, to attend a committee about the Association of American Medical Colleges. If I gave you Thursday evening in Milwaukee I could get back, I suppose, in time on Friday to take the Limited, as I must be here on Saturday. I should be very glad to meet some of the boys at a quiet little dinner -- not too many of them of course; just some of your special friends.

When will you have your paper on alcaptonuria ready? Davis I know will be delighted to have it, and carefully studied cases are so rare that it would make a very satisfactory communication.
