Dear Ogden: -

C05417/90.7

(Dr. H. V. Ogden)

Baltimore, Feb. 20th, 1894.

I shall be glad to do anything for Mr. Chadbourne.

You will be, I think, pleased with the influence of the thyroid extract on your cretin, if not too old a case. One of our cases has been apparently cured.

Sincerely yours,

Wm. Osler.
