NOTES FROM BOOKS Feb. 3rd. 1899.

On Chorea Osler.

From Geo. Huntington.

La Grangeville N.Y.

Dear Doctor Osler:

Agreeable to my promise I today mail to you my photo, which I trust will be received promptly.

If you desire to put it to the purpose which you mentioned to me, I have a copper plate which was used a few years since in a work which you probably have seen, "Physicians and Surgeons of America" edited and published in 1896 by Dr. Watson of Concord N.H. and which also contains a short biographical sketch.

The plate is probably as available as any you could have made.

If you will kindly inform me whether you would like it or not, I shall pleasure in sending it also.

With kindest regards, and wishes for your well being, and hoping most sincerely that we will not be as "Ships that pass in the night" but that we may in the future be fortunate enough to have our paths meet often if only for a friendly hail and greeting.

I remain sincerely yours,

Geo. Huntington.

FROM THE PAPER BOOKS

Dr. G. C. Davis

Dear Doctor:

I am sorry to hear that your paper is not being published. I hope it will be published soon.

If you desire to put it to the printer, I have a copper plate which was used in the work which you probably have seen. It was published in 1898 by Dr. Watson of New York, and which also contains a short historical sketch.

The plate is probably available as you could have seen.

If you will kindly inform me whether you would like to see it, I shall be glad to send it to you.

With kindest regards, and wishes for your well-being, and hoping that you will be able to do some work in the future, I am, Sir, very respectfully,
Yours truly,
G. C. Davis

I remain sincerely yours,

G. C. Davis
