

W.O., to J. George Adami.
Dec. 20th, 1894.

1 West Franklin Street.

Dear Dr. Adami: Thank you very much for your letter, which gives me some valuable suggestions, one or two of which I had already thought of.* I wish I had more time to work up a suitable address, but unfortunately I have been very busy. Still I will peg away, and hope to give something which may be in a measure worthy of the occasion.

Sincerely yours,
Wm. Osler.

Kindest regards to Mrs. Adami.

J.G.A. * I take it that O. wrote asking me about matter for an address he was giving at Montreal. In 1894 the Royal Victoria Hospital was opened by the Governor General, Lord Aberdeen - and he may have given an address on that occasion.
