Dear Ogden:

Delighted! But you must stay a week at least. Plenty of room & a hearty welcome & I want you to know Mrs. O. My father died two weeks ago - quite suddenly but not unexpected of course, as he had had for 8 years arteriosclerosis.

Sorry to hear that you have had a cold - the trip will do you good.

Sincerely yours,

Wm. Osler.

P. S. If you have any memoranda for 2nd edition of my Quiz compend - bring them as I am working at it.

It is Marvel 12th he makes before:
