Dear Chadwick

In what condition is the Billings testimonial? And in what form is the presentation to be made? Possibly you may know - possibly not; but what I feel is that we should have some general gathering on the occasion of the issue of the last volume of the Index Catalogue; a dinner would I think be best. I think I spoke to you about it last year, but this money testimonial came up & Mitchell had an idea that the College of Physicians. Phila., would give an entertainment and that the presentation might then be made. I shall be in town next week & will call in the chance of finding you.

Yours sincerely

Wm Osler.

(the Billings testimonial and banquet was held at the Hotel Bellevue Phila. Nov.30, 1895 so the above was written in July '95 or possibly 194. ECS.)
