Baltimore, Dec. 14th, 1895.

Dear Chadwick:-

After many struggles the old Medical and Chirurgical Faculty of Maryland have at last secured a local habitation. They have a library of about 10,000 volumes, and we are very anxious to stir up the profession to take an interest in it, and to contribute more largely than they do. We propose to have at some time in January a formal opening, and I have been requested to ask whether you would not give a short address on a library, its use, and development? Any date in January which would be convenient to you we could arrange for the opening.

If you come, of course you will be my guest, and I will ask the Trustees of the Faculty to meet you at dinner. Please do not say no, as you will never again have an opportunity of doing so good a piece of missionary work.

Sincerely yours,

(signed) Wm. Osler
