Dear Dr. Adler,

I feel that I
must tell you how beautifully
you abtivated yourself in
the exercises of last evening.
Every thing we saw &
heard was due to you -
your influence & personal
effort - & yet nobody
was ^{permitted} allowed today to.
May I be allowed to take
this quick method

of throwing up my hat
& shouting. Osler! Osler!
long live Osler!!!

Yours truly,

J. W. Carey Thomas
