Dear Laffie

How are you? Well & strong again I hope. I heard of your return through Mrs Bullitt. If Pepper writes you about some articles for the Am. Text BK of Med. 2nd Edition - do undertake them. We are all well - rather sad at Weir Mitchells severe loss. His daughter Marie at. 23, died on Tuesday of Diphtheria & Mrs. M is still seriously ill. I have been tramping the country this month - Florida Richmond, & Rochester in rapid succession. Send me any memos as to alterations in my text book, I am thinking of a new edition.

Mrs Osler sends love & Tommy would if he could.

Yours,

W.O.
