Dear Thayer

The Trustees passed on your salary all right- there had been a misunderstanding. My bronchitis turned out to be quite an acute attack, with probably some low infiltration at the extreme left base. No Musty sputa. A most markedly intermittent fever with profuse night sweats. F. left on the 8th day & I have been getting rapidly well the much used up no cough now & no expectoration Jacobs is taking the 3rd year McRae the noon class. & Fulcher the 4th & clinic Brown has decided not to come to us. This leaves us stranded for the Clin. Labor. I do not see what we are to do. Some one may turn up The weather has been infernal 87-88 & saturated with moisture. I shall go off for two weeks after a while - probably not before your return. Do not hurry - All is going well

Sincerely yours wm osler Aland with the same of the sam
