Dear Mr. Coy:

Please call a meeting of the Medical Faculty for Friday, May 26th,
at 4.30.

Sincerely yours,

Wm Osler

H.

This mother's letter contains a reminiscence of Board Street days and
also a dig at the brevity of her son's letters which she receives from a
certain source. And though her eyes are dim and she knows she will soon have
trouble of writing - she sends a long letter also to Mrs Osler and hopes that
Reverend will come ^{back} home with English roses in his dear chest.

My dear Uncle.
