Dear J.H.

So glad to hear of the new Edition. I will show it at once to the class. What a nuisance that the publishers are always ten days late! Those new cuts are beauties. I began work this week - larger classes alas! but we have doubled the size of the 3rd year dispensary class room. They are after Fatcher for Grahams place but I cannot let him off until a year from this date. We are all delighted at Clarks success. You must have had the Provosts ear. I wrote warmly to DaCosta & to Tyson. The former sent a most encouraging reply. It was a brave move on the part of the faculty as C of course is not widely known thro. the state. He is a trump - we never had a better fellow about the Hospital. Barker is back - full of interesting information about the Plague in India.

Do come & see us soon.

Yours ever

W. O.
