To Sir Humphry ^{Davy} Rolleston. ~~Jun 1890~~

Dear Rolleston,

Greetings and best wishes for the New Year! I have just read the review of the concluding volume of Allbutt's System, and it occurred to me that the contributors should express in some way their appreciation of the Editor's labors. What do you think? I should be very glad to join in anything.

We are all very sad over the South African reverses, but good will come out of the present evils. I am most optimistic, and already the enthusiasm which has been aroused throughout the Empire is in itself a demonstration to the world.

With sincere regards and best wishes for the New Year to you and Mrs. Rolleston.

Yours faithfully,

WM OSLER.
