Dear Lafleur

My fee - Toronto or Montreal - is \$1000. I am so sorry to hear that Thomas is so ill. He was always most kind to me.

(I have had a week in bed with the influenza but am at work again quietly. I have had a great temptation about Edinboro. Schäfer & Greenfield wrote most enthusiastically - & I apparently had the support of the faculty. I told Schäfer to go ahead but afterwards repented & am now not sorry. The arrangements I gather for teaching such large classes are not very good as the Professor of Medicine has only the usual no of beds in the Infirmary. I hope we shall see you in May at the Washington meeting & afterwards here for a visit

Yours,

Wm Osler
