I am so sorry that I forgot about you last month, but I have been away & so much occupied with many things that I overlooked it. I do hope we shall not just cross on the deep - it would be too aggravating. We sail on the 16th June, by Campania (Cunard). Do let us hear as soon as possible about your movements. As late as this it would, I suppose, be easier to go to Montreal. Tho I have a feeling that we shall see you in England & that would be delightful. I saw Ma & Bealast week - Uncle B.B. has been ill & I went to Toronto to see him. He seems better but has had rather ominous symptoms. Kiss the dear Maizie & chessubs for me. I enclose draft for £20. Bill is well, hard at work. Revere has his curls off, but looks sweet still. I wish he & the chessubs could be together again this summer. I am very well now & quite enjoyed the grippe.

Your loving
