Dear O.

We are off on the 16th. I am horridly full of work, & arrears of all sorts stare me in the face. Mrs. Osler & Ike have gone to Boston: We shall stay quietly by the sea after two weeks in London. We have the same little cottage at Swanage. Love to your mother.

Yours, Wm Osler.

The Edinboro. chair was a great tempt. but I am 50+ & the fear of changes perplexes now as it did not 10 years ago. They called the day before the election saying I could have it if I signified my acceptance. They made a great mistake in overlooking Bramwell.
