

1 West Franklin St.

W.O., to J. George Adami.
 Sunday. July 2nd ±
 (1900)

Dear Adami: I am so distressed to hear about Leech. What a sad loss he will be!

I am very glad to hear that Mrs. Adami keeps well. The summer at Banff should drive out all remnants of neurasthenia.

Sincerely yours,
 Wm. Osler.

*PS. We were so glad to see Peterson here
 for a short while only. We should have been
 glad to keep him a while.*

J.G.A. My uncle W. J. Leech - the leading Manchester consultant and Prof. of Materia Medica and Therapeutics at Owens College - Pro-Vice-Chancellor of Victoria University - died July 2nd 1900.
