Dear Brown

W. Osler in London

You will not find it easy I fear to get an assistant, unless he is a healed "lunger" I do not know of the right man at the moment but I will bear it in mind. We are having a delightful meeting, only we miss Trudeau sadly. So many inquire for him & speak of his work So glad you are going to take charge of the Sanitarium. The outlook for you should be first class,

Love to Dr Trudeau

Yours sincerely

W Osler
