Dear Garrod,

I wish that I could have had more details about the Jackson family for you. The old man, Ex-Governor. J., Fitcher's case, is a little sensitive about the condition, and his brother, Marshall's case, I do not know. I shall look out for your paper with much interest.

We had our passage for June 25th but at the last moment I had to change my plans, so we came here to the lower St Lawrence, and have enjoyed it so much. You must come out and

see this big country some day - October or May when you find us all at home.

With kind regards

Sincerely yours

(Sgd) Wm. Osler
