Dear Camac

So sorry to have missed you - will try to give you warning next time.  
When are you coming down? There are many things I wish to talk about with you  
and some of my new old treasures would delight you. Hunter McGuire left me a  
set of Jenner's Vaccination Monographs - all autograph copies to his friend She  
It is really a great treasure. <sup>stat</sup> You remember Flexner's Streptothrix case - do you  
not - we thought it ordinary t-~~t~~ Mrs. O & Ike are well. So glad to hear you are  
getting consultations. Get out 2 or 3 good papers each year - they help.

Yours in haste

W. OSLER.
