Dear O.)

I am all right. I had a Schmpfen which rose into my sinuses & used me up for a week. ~~I was all right when~~ they telephoned me one night to come over to see L.P but as it was 1 am & I had had a hot bath I declined & sent Thayer. I had seen the old boy & there was nothing to do. Mrs. O is well & Morris is back for the Hospital so the family is again 'gesund'.

Thanks for the memo- about Ex Oph. G. We go to Murray Bay. We had our passages for the 25th. but as we ^{would} have to return early, - I give the address in Med. - Can Med in Montreal - we decided to give it up. I wish to get over early next year, and have a 6 weeks period of study in Paris. - Come.

Love to all of you.

Am rejoicing in a sumptuous copy of ~~Fullo~~^{Worthies} 1662 from B.Q.

Yours,
W.O.

Sp. was Lord Cairncross the first British Ambassador who with John Hay during his long period of service in Washington had been quietly clearing away the many annoying problems which had long been sources of misunderstanding between the two countries.
